

# SAFETY DATA SHEET

## 1. Identification

|   |  |  |
|---|--|--|
| <b>Product identifier</b>                                     | <b>Encompass® Dry Encompass</b>  |  |
| <b>Other means of identification</b>                          |  |  |
| <b>Product code</b>   | 62003TAL   |  |
| <b>Recommended use</b>  | Agricultural/ Horticultural Use- Fertilizer- Refer to product label<br>Bacterial Inoculant |  |
| <b>Recommended restrictions</b>                               | Refer to product label.  |  |
| <b>Manufacturer/Importer/Supplier/Distributor information</b> |  |  |
| <b>Manufactured by</b>  | TALC USA, LLC.   |  |
| <b>Address</b>  | 6100 Industrial Dr.<br>Curran, IL 62670  |  |
| <b>Telephone</b>  | 800-300-6559   |  |
| <b>Website</b>  | www.talcusa.com  |  |
| <b>Emergency contact</b>                                      | CHEMTREC (24 Hours):   |  |
| <b>USA, Canada, Puerto Rico</b>                               | 1-800-424-9300   |  |
| <b>Virgin Islands</b>   | 1-800-424-9300   |  |
| <b>International Maritime</b>                                 | +1 (703) 527-3887  |  |

## 2. Hazard(s) identification

|                              |   |             |
|------------------------------|---|-------------|
| <b>Physical hazards</b>      | Not classified.                                   |             |
| <b>Health hazards</b>        | Serious eye damage/eye irritation                 | Category 2B |
|                              | Carcinogenicity                                   | Category 1A |
|                              | Specific target organ toxicity, repeated exposure | Category 1  |
| <b>Environmental hazards</b> | Not classified.                                   |             |
| <b>OSHA defined hazards</b>  | Not classified.                                   |             |
| <b>Label elements</b>        |   |             |

|  |  |  |
|--|--|--|
| <b>Signal word</b>                               | Danger   |  |
| <b>Hazard statement</b>                          | Causes eye irritation. May cause cancer. Causes damage to organs through prolonged or repeated exposure.   |  |
| <b>Precautionary statement</b>                   |  |  |
| <b>Prevention</b>                                | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist/vapors. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. |  |
| <b>Response</b>                                  | If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If exposed or concerned: Get medical advice/attention. If eye irritation persists: Get medical advice/attention.  |  |
| <b>Storage</b>                                   | Store locked up.   |  |
| <b>Disposal</b>                                  | Dispose of contents/container in accordance with local/regional/national/international regulations.  |  |
| <b>Hazard(s) not otherwise classified (HNOC)</b> | None known.  |  |
| <b>Supplemental information</b>                  | None.  |  |

### 3. Composition/information on ingredients

#### Mixtures

| Chemical name                            | Common name and synonyms | CAS number   | %         |
|--|--------------------------|--------------|-----------|
| Humate                                   |                          | Proprietary* | 90 - 100* |
| Quartz, Dust, Respirable Fraction        |                          | 14808-60-7   | 3 - < 5*  |
| Other components below reportable levels |                          |              | 5 - < 10  |

### 4. First-aid measures

|   |  |
|---|--|
| <b>Inhalation</b>   | Move to fresh air. Call a physician if symptoms develop or persist.  |
| <b>Skin contact</b>   | Wash off with soap and water. Get medical attention if irritation develops and persists.   |
| <b>Eye contact</b>  | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.   |
| <b>Ingestion</b>  | Rinse mouth. Get medical attention if symptoms occur.  |
| <b>Most important symptoms/effects, acute and delayed</b>                     | Irritation of eyes. Exposed individuals may experience eye tearing, redness, and discomfort. Prolonged exposure may cause chronic effects.   |
| <b>Indication of immediate medical attention and special treatment needed</b> | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.   |
| <b>General information</b>  | IF exposed or concerned: Get medical advice/attention. If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. |

### 5. Fire-fighting measures

|  |   |
|--|---|
| <b>Suitable extinguishing media</b>                                  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).                                   |
| <b>Unsuitable extinguishing media</b>                                | Do not use water jet as an extinguisher, as this will spread the fire.                        |
| <b>Specific hazards arising from the chemical</b>                    | During fire, gases hazardous to health may be formed.   |
| <b>Special protective equipment and precautions for firefighters</b> | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| <b>Fire fighting equipment/instructions</b>                          | Move containers from fire area if you can do so without risk.                                 |
| <b>Specific methods</b>  | Use standard firefighting procedures and consider the hazards of other involved materials.    |
| <b>General fire hazards</b>  | No unusual fire or explosion hazards noted.   |

### 6. Accidental release measures

|  |  |
|--|--|
| <b>Personal precautions, protective equipment and emergency procedures</b> | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not breathe mist/vapors. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.   |
| <b>Methods and materials for containment and cleaning up</b>               | <p>Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.</p> <p>Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.</p> <p>Never return spills to original containers for re-use. Put material in suitable, covered, labeled containers. For waste disposal, see section 13 of the SDS.</p> |
| <b>Environmental precautions</b>   | Avoid discharge into drains, water courses or onto the ground.   |

### 7. Handling and storage

|                                      |   |
|--------------------------------------|---|
| <b>Precautions for safe handling</b> | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist/vapors. Avoid contact with eyes. Avoid prolonged exposure. When using, do not eat, drink or smoke. Should be handled in closed systems, if possible. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Observe good industrial hygiene practices. |
|--------------------------------------|---|

**Conditions for safe storage, including any incompatibilities**

Store locked up. Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

Store in secured area away from children, feed, and other food products. Store in original container. Store in a well-ventilated area. Storage temperature: 40 F to 100 F.

**8. Exposure controls/personal protection****Occupational exposure limits**

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

**US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)**

| Components   | Type | Value                  | Form             |
|--|------|------------------------|------------------|
| Quartz, Dust, Respirable Fraction (CAS 14808-60-7) | PEL  | 0.05 mg/m <sup>3</sup> | Respirable dust. |

**US. OSHA Table Z-3 (29 CFR 1910.1000)**

| Components   | Type | Value                 | Form        |
|--|------|-----------------------|-------------|
| Quartz, Dust, Respirable Fraction (CAS 14808-60-7) | TWA  | 0.1 mg/m <sup>3</sup> | Respirable. |
|  |      | 2.4 mppcf             | Respirable. |

**US. ACGIH Threshold Limit Values**

| Components   | Type | Value                   | Form                 |
|--|------|-------------------------|----------------------|
| Quartz, Dust, Respirable Fraction (CAS 14808-60-7) | TWA  | 0.025 mg/m <sup>3</sup> | Respirable fraction. |

**US. NIOSH: Pocket Guide to Chemical Hazards**

| Components   | Type | Value                  | Form             |
|--|------|------------------------|------------------|
| Quartz, Dust, Respirable Fraction (CAS 14808-60-7) | TWA  | 0.05 mg/m <sup>3</sup> | Respirable dust. |

**Biological limit values**

No biological exposure limits noted for the ingredient(s).

**Appropriate engineering controls**

Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Provide eyewash station.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** Chemical respirator with organic vapor cartridge and full facepiece.

**Skin protection**

**Hand protection** Wear appropriate chemical resistant gloves.

**Other**

Wear suitable protective clothing. Use of an impervious apron is recommended.

**Respiratory protection**

Chemical respirator with organic vapor cartridge and full facepiece.

**Thermal hazards**

Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations**

Observe any medical surveillance requirements. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

**9. Physical and chemical properties****Appearance**

Powder.

**Physical state**

Liquid.

**Form**

Solid.

**Color**

Dark grey to Black.

**Odor**

Not available.

**Odor threshold**

Not available.

**pH**

6.9 - 8.4

**Melting point/freezing point**

Not available.

**Initial boiling point and boiling range**

212 °F (100 °C) estimated

**Flash point**

200.0 °F (93.3 °C) estimated

|   |                             |
|---|-----------------------------|
| <b>Evaporation rate</b>                             | Not available.              |
| <b>Flammability (solid, gas)</b>                    | Not applicable.             |
| <b>Upper/lower flammability or explosive limits</b> |                             |
| <b>Flammability limit - lower (%)</b>               | Not available.              |
| <b>Flammability limit - upper (%)</b>               | Not available.              |
| <b>Explosive limit - lower (%)</b>                  | Not available.              |
| <b>Explosive limit - upper (%)</b>                  | Not available.              |
| <b>Vapor pressure</b>                               | 23 hPa estimated            |
| <b>Vapor density</b>                                | Not available.              |
| <b>Relative density</b>                             | Not available.              |
| <b>Solubility(ies)</b>                              |                             |
| <b>Solubility (water)</b>                           | Not available.              |
| <b>Partition coefficient (n-octanol/water)</b>      | Not available.              |
| <b>Auto-ignition temperature</b>                    | Not available.              |
| <b>Decomposition temperature</b>                    | Not available.              |
| <b>Viscosity</b>                                    | Not available.              |
| <b>Other information</b>                            |                             |
| <b>Explosive properties</b>                         | Not explosive.              |
| <b>Flammability class</b>                           | Combustible III B estimated |
| <b>Oxidizing properties</b>                         | Not oxidizing.              |

## 10. Stability and reactivity

|   |   |
|---|---|
| <b>Reactivity</b>                         | The product is stable and non-reactive under normal conditions of use, storage and transport. |
| <b>Chemical stability</b>                 | Material is stable under normal conditions.   |
| <b>Possibility of hazardous reactions</b> | No dangerous reaction known under conditions of normal use.                                   |
| <b>Conditions to avoid</b>                | Avoid temperatures exceeding the flash point. Contact with incompatible materials.            |
| <b>Incompatible materials</b>             | Strong oxidizing agents.  |
| <b>Hazardous decomposition products</b>   | No hazardous decomposition products are known.  |

## 11. Toxicological information

### Information on likely routes of exposure

|                     |  |
|---------------------|--|
| <b>Inhalation</b>   | Prolonged inhalation may be harmful.         |
| <b>Skin contact</b> | Knowledge about health hazard is incomplete. |
| <b>Eye contact</b>  | Causes eye irritation.                       |
| <b>Ingestion</b>    | Knowledge about health hazard is incomplete. |

**Symptoms related to the physical, chemical and toxicological characteristics** Irritation of eyes. Exposed individuals may experience eye tearing, redness, and discomfort.

### Information on toxicological effects

|  |   |
|--|---|
| <b>Acute toxicity</b>                    | Not known.  |
| <b>Skin corrosion/irritation</b>         | Due to partial or complete lack of data the classification is not possible. |
| <b>Serious eye damage/eye irritation</b> | Causes eye irritation.  |
| <b>Respiratory or skin sensitization</b> |   |
| <b>Respiratory sensitization</b>         | Due to partial or complete lack of data the classification is not possible. |
| <b>Skin sensitization</b>                | Due to partial or complete lack of data the classification is not possible. |
| <b>Germ cell mutagenicity</b>            | Due to partial or complete lack of data the classification is not possible. |
| <b>Carcinogenicity</b>                   | May cause cancer.   |

### **IARC Monographs. Overall Evaluation of Carcinogenicity**

Quartz, Dust, Respirable Fraction (CAS 14808-60-7) 1 Carcinogenic to humans.

### **OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053)**

Quartz, Dust, Respirable Fraction (CAS 14808-60-7) Cancer

### **US. National Toxicology Program (NTP) Report on Carcinogens**

Quartz, Dust, Respirable Fraction (CAS 14808-60-7) Known To Be Human Carcinogen.

|   |  |
|---|--|
| <b>Reproductive toxicity</b>                              | Due to partial or complete lack of data the classification is not possible.  |
| <b>Specific target organ toxicity - single exposure</b>   | Due to partial or complete lack of data the classification is not possible.  |
| <b>Specific target organ toxicity - repeated exposure</b> | Causes damage to organs through prolonged or repeated exposure.  |
| <b>Aspiration hazard</b>                                  | Due to partial or complete lack of data the classification is not possible.  |
| <b>Chronic effects</b>                                    | Prolonged inhalation may be harmful. Causes damage to organs through prolonged or repeated exposure. Prolonged exposure may cause chronic effects. |

## **12. Ecological information**

|                                      |  |
|--------------------------------------|--|
| <b>Ecotoxicity</b>                   | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |
| <b>Persistence and degradability</b> | No data is available on the degradability of any ingredients in the mixture.   |
| <b>Bioaccumulative potential</b>     | No data available.   |
| <b>Mobility in soil</b>              | No data available.   |
| <b>Other adverse effects</b>         | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.            |

## **13. Disposal considerations**

|  |  |
|--|--|
| <b>Disposal instructions</b>                 | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.                         |
| <b>Local disposal regulations</b>            | Dispose in accordance with all applicable regulations.   |
| <b>Hazardous waste code</b>                  | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| <b>Waste from residues / unused products</b> | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| <b>Contaminated packaging</b>                | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.       |

## **14. Transport information**

|             |                                   |
|-------------|-----------------------------------|
| <b>DOT</b>  | Not regulated as dangerous goods. |
| <b>IATA</b> | Not regulated as dangerous goods. |
| <b>IMDG</b> | Not regulated as dangerous goods. |

## **15. Regulatory information**

|   |  |
|---|--|
| <b>US federal regulations</b>   | This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. |
| <b>Toxic Substances Control Act (TSCA)</b>                            |  |
| <b>TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)</b>  | Not regulated.   |
| <b>CERCLA Hazardous Substance List (40 CFR 302.4)</b>                 | Not listed.  |
| <b>SARA 304 Emergency release notification</b>                        | Not regulated.   |
| <b>OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053)</b> |  |
| Quartz, Dust, Respirable Fraction (CAS 14808-60-7)                    | Cancer   |

lung effects  
immune system effects  
kidney effects

## Superfund Amendments and Reauthorization Act of 1986 (SARA)

### SARA 302 Extremely hazardous substance

Not listed.

### SARA 311/312 Hazardous chemical

**Classified hazard categories**      Serious eye damage or eye irritation  
Carcinogenicity  
Specific target organ toxicity (single or repeated exposure)

### SARA 313 (TRI reporting)

Not regulated.

## Other federal regulations

### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

### Safe Drinking Water Act (SDWA)

Not regulated.

## US state regulations

### California Proposition 65

**WARNING:** WARNING: This product can expose you to chemicals including arsenic, cadmium, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

### California Proposition 65 - CRT: Listed date/Carcinogenic substance

Quartz, Dust, Respirable Fraction (CAS 14808-60-7) Listed: October 1, 1988

### US. California. Candidate Chemicals List. Safer Consumer Products Regulations (Cal. Code Regs, tit. 22, 69502.3, subd. (a))

Quartz, Dust, Respirable Fraction (CAS 14808-60-7)

## International Inventories

| Country(s) or region        | Inventory name   | On inventory (yes/no)* |
|-----------------------------|--|------------------------|
| Australia                   | Australian Inventory of Chemical Substances (AICS)                     | No                     |
| Canada                      | Domestic Substances List (DSL)   | No                     |
| Canada                      | Non-Domestic Substances List (NDSL)                                    | Yes                    |
| China                       | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe                      | European Inventory of Existing Commercial Chemical Substances (EINECS) | Yes                    |
| Europe                      | European List of Notified Chemical Substances (ELINCS)                 | No                     |
